syed nouman mateen

Software Engineer @ High peak software | Full-Stack web Developer
| ex-storeking | Certified in MERN
Ramanagara, Karnataka, India

Summary

Software Developer | MERN Stack Specialist | Agile Enthusiast

Welcome to my LinkedIn profile! I'm a passionate software developer with 2+ years of hands-on experience in building robust web applications using the MERN (MongoDB, Express.js, React.js, Node.js) stack. Throughout my career, I've acquired expertise in frontend and backend development, along with proficiency in various tools and technologies.

Skills & Expertise:

MERN fullstack web development: Experienced in developing end-to-end solutions using MongoDB, Express.js, React.js, and Node.js.

UI Design: Proficient in creating responsive and visually appealing interfaces with Bootstrap and Tailwind CSS.

Database Management: Skilled in working with PostgreSQL databases, including schema design, query optimization, and data migration.

Real-time Communication: Familiar with integrating Socket.io for implementing real-time features in web applications.

Version Control: Proficient in Git for managing code repositories and facilitating collaborative development workflows.

Agile Methodologies: Experienced in Agile practices, including sprint planning, daily stand-ups, and retrospective meetings, to ensure efficient project delivery.

Projects & Contributions:

Developed and maintained multiple full-stack web applications, delivering scalable and high-performance solutions.

Implemented responsive designs and interactive features to enhance user experience across different devices.

Integrated real-time communication features, enabling live updates and notifications for users.

Collaborated with cross-functional teams to deliver projects on time and within budget, following Agile principles and best practices.

Education & Certifications:

MCA, VTU-2021

MERN full-stack certification

Let's Connect:

I'm always open to networking opportunities, discussing new projects, or sharing insights into the latest technologies. Feel free to reach out and connect!

Experience

High Peak Software

Web Developer

August 2023 - Present (1 year 2 months)

Bengaluru, Karnataka, India

- * Was part of multiple projects which includes healthcare, live interaction, e-commerce etc.
 - * Had good hands-on experience with Node.js & React
 - * Ensures major projects follow established timeline
